NOTICE

PROPOSED MODIFICATION TO PBL'S INITIAL RATE PROPOSAL REGARDING GENERATION REACTIVE

Opportunity to Intervene

Posted: February 9, 2006

BPA has submitted a [motion](#) requesting that the Hearing Officer in the WP-07 Power Rate Case revise the power rate case schedule to allow BPA to submit a supplemental rate proposal that will modify BPA's initial proposal. The proposed modification will eliminate the inside-the-band component of the generation input allocation for generation supplied reactive for fiscal years 2008 and 2009.

This schedule change would allow those entities and individuals that are not a Party to the power rate case the opportunity to intervene and participate if they choose to due to the supplemental proposal. Requests to intervene must be filed by COB February 16, 2006.

If you have questions or would like additional information, please contact your Transmission Account Executive, Sarah Bermejo at (503) 230-3917 or David Gilman at (360) 418-8689.
